2. Governance Structure

The Kingsley Learning Foundation Trust (KLF) is a multi-academy trust and is the legal entity responsible for the governance of all academies and free schools within the Trust. KLF is a company limited by guarantee and a charitable trust.

KLF works to ensure that it is at all times compliant with all statutory obligations as prescribed by the Department for Education (DfE) and charity and company law as well as other applicable laws and regulations.

The Trust's constitution and objects are set out in its Memorandum and Articles of Association. We are also bound by the requirements of our Master Funding Agreement, as well as by the provisions of the Academy Trust Handbook and a range of other pieces of government guidance and legislation.

KLF has one Board of Directors and one Scheme of Delegation. All governance flows from the KLF Board. The purpose of the Scheme of Delegation is to provide operating clarity about the roles, responsibilities, authorities and expectations of those who work within our governance and executive leadership structures, including:

- The overall accountability of the Board of Directors, supported by its subcommittees
- The responsibility of executive leaders under the leadership of the CEO
- The delegation of specific powers and decisions to committees and executive leaders

This document is subject to formal review by the Board of Directors annually, although they may review and amend elements of it more frequently if circumstances require it.

Members

There will be not less than 3 Members of the Multi-Academy Trust (MAT).

This number will ensure that there will be enough Members who can take decisions via special resolution (which requires 75% of Members to agree) without requiring unanimity and to facilitate majority decisions being taken by ordinary resolution, which requires a majority of Members to agree. Unresolved issues or resolutions will be settled by the casting vote of the Chair of Members.

Members are the subscribers to the Trust's Memorandum of Association, and will have an overview of the governance arrangements of the Trust and have the power to appoint and remove Directors/Trustees. Members can amend the articles and may do so to support stronger governance arrangements.

Matters reserved for the members are:

- To change the name of the Academy Trust
- To change the Objects of the Academy Trust
- To change the structure of the Trust Board, including appointment and removal of Directors
- To amend the Articles of Association
- To pass a resolution to wind up the Academy Trust

The governance professional provides administrative support to both Members and Directors and is responsible for setting up the register. The register will be maintained by the governance professional and will be published on the Trust website.

An item on the Trust Board agenda will always be to ask for any conflict of interests relating to the matters to be discussed at the meeting. The person concerned would then be asked to leave the meeting while that item is discussed.

Directors will carry out an annual skills audit as part of their self-evaluation and incorporate their own development objectives into the Trust Development Plan. The aim of the self-evaluation process is to identify how Trustee skills, expertise and experience are having a positive impact on the development of the Trust and holding the academies to account for their performance. The outcomes of the annual Trustee self-evaluation will be reported to the Trust each year.

5. Meetings and Reporting

Board Meetings: Minimum of three meetings per year, with an agenda circulated in advance

Committee Meetings: At least three per year, with reports to the Board

Annual General Meeting (AGM): Open to stakeholders to present achievements and plans

6. Performance Monitoring

The performance of the Trust will be evaluated and monitored by the following:

- **Self-Evaluation Framework:** annual review of the Trust's performance against strategic goals
- **External Audits:** Regular financial and educational audits to ensure compliance and accountability
- **Internal scrutiny:** Items decided upon by audit risk and finance committee each year to report to Board
- **Key Performance Indicators (KPIs)** to include:
 - Pupil attendance
 - Staff attendance

 - Robust self-evaluation processes to identify areas for improvement

Regular safeguarding audits and SEND provision reviews should be reported to the board

7. Stakeholder Engagement

Directors should ensure feedback is gathered from stakeholders, including guardians, pupils, and staff. The Trust will:

- Engage guardians and the local community to build trust and transparency, ensuring open, accessible, and supportive communication channels tailored specifically to meet the needs of guardians of children with SEND

8. Compliance and Risk Management

The Directors have overall responsibility for the financial health of the MAT.

8A. Statutory Compliance: Audit and Risk Committee

Helping people living in extraordinary circumstances to live ordinary lives

Statutory Requirement

Trusts must have an audit and risk committee to ensure the suitability and compliance of financial systems. If the trust has an annual income of over £50 million, it must be a dedicated committee, but otherwise trusts can choose either to keep it as a distinct committee or to include its functions in another committee.

How KLF Trust Meets This Requirement

Kingsley Learning Foundation Trust has an annual income below £50 million. The Trust has chosen to combine the functions of the audit and risk committee within its Finance, Audit and Risk Committee, as permitted for trusts with income below £50 million.

This combined committee fulfils all the statutory requirements of an audit and risk committee, including:

- Reviewing the effectiveness of the Trust's financial systems and controls
- Overseeing internal and external audit processes
- Maintaining and reviewing the Trust's risk register
- Ensuring compliance with the Academy Trust Handbook
- The Finance, Audit and Risk Committee operates as a distinct committee of the board with its own terms of reference, which are reviewed bi-annually by the board of trustees.

Note: If the Trust's annual income exceeds £50 million in future, the board will establish a dedicated audit and risk committee as required by the Academy Trust Handbook.

Finance, Audit and Risk Committee Responsibilities

A Finance, Audit and Risk Committee is established to:

- Ensure the Trust's financial procedures comply with the Academy Trust Handbook
- Monitor the MAT's budget, financial performance, and sustainability
- Review and mitigate key risks (e.g. financial, legal, operational)
- Ensure efficient use of resources, therapy services, and specialist equipment
- Ensure legal compliance by adherence to the Education Act, Charity Law, SEND, Safeguarding and other relevant legislation including Health and Safety requirements
- Regularly review potential risks to the Trust's operations and develop mitigation strategies
- Maintain robust policies and training to ensure the safety of all pupils
- Directors should also regularly review the MAT's Articles of Association to ensure compliance with evolving legislation.

9. Policy Development and Oversight

Directors should ensure that key policies (e.g. safeguarding, SEND, curriculum, behaviour, health and safety, financial regulations, data protection) are regularly updated.

Policies should reflect the unique needs of special schools and be based on evidence-based practices in SEND education.

9A. Delegation of Powers

This Scheme of Delegation is supported by a detailed Trust RACI (Responsible, Accountable, Consulted, Informed) matrix, which provides further clarity on the precise allocation of responsibilities across the Trust. The RACI matrix should be read alongside this Scheme of Delegation to ensure a comprehensive understanding of decision-making authorities, accountabilities, and communication requirements at all levels of the organisation.

- Implementation of board decisions and strategic priorities
- Operational financial management within approved budgets
- Appointment of staff (other than those reserved to the board)
- Management of the executive leadership team
- Oversight of academy performance through head teachers
- Expenditure within delegated financial limits as set out in the scheme of financial delegation
- The CEO may sub-delegate specific responsibilities to members of the executive leadership team and to head teachers, as documented in the Trust's RACI matrix.

Financial Delegation

Detailed financial delegation limits are set out in the Trust's separate Scheme of Financial Delegation, which forms part of this overall scheme of delegation. The financial scheme includes:

- Authorisation limits for different types of expenditure
- Roles and responsibilities for budget management
- Procurement procedures and thresholds

Withdrawal of Delegation

The board reserves the right to withdraw any delegated powers if:

- An academy is judged by Ofsted to require improvement or to be inadequate
- An academy fails to meet performance targets agreed with the board

- The board determines that direct oversight is necessary to protect the interests of pupils or the Trust
- In such circumstances, the board will assume direct responsibility for the relevant functions until satisfied that appropriate improvements have been made.

10. Professional Development

The Trust is committed to having a robust plan for staff CPD at all levels of the organisation and in providing:

- **Training for Directors, Governors and staff:** regular training on governance, SEND legislation, and best practices in education
- **Leadership Development:** support programs for emerging leaders within the Trust
- **Access to courses** relating to specific areas of work relevant to pupil needs in the academies
- **Recruitment and retention strategies**
- **Continuous professional development,** especially in SEND-related skills
- **A positive and supportive working environment** that values diversity and inclusion

11. Difference from Maintained Schools

Academies deliberately operate under a different structure of governance from maintained schools, which are supported by local authorities. Governance structures in maintained schools are predominantly determined by legislation, whereas trusts have the ability to set their own approach to better reflect their organisation and local circumstances.

12. Committees as Opposed to Local Governing Boards

Committees exist within the overall governance framework of the trust and have specific delegations, just like other committees of the board. It is important that everybody understands the logic and efficiency of trust governance, and how and why it differs from a 'standalone' school governance model.

Local committee members are not 'governors' as the role is defined for maintained schools.

13. Future Growth and Sustainability

The Directors should explore opportunities for the MAT's growth while ensuring sustainability and high standards and assess potential for collaboration with other special schools or mainstream schools to share best practices and resources.

14. Publication and Review of the Scheme of Delegation

Website Publication

The board of trustees must publish the scheme of delegation on its website.

Helping people living in extraordinary circumstances to live ordinary lives
